

# A TRIP TO THE ZOO

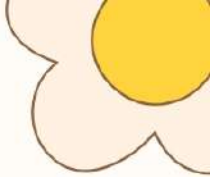

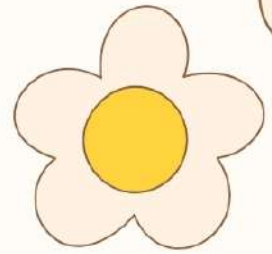

Yesterday, my friends and I had a wonderful day at the zoo. The zoo is a fantastic place with many different animals from around the world. We saw elephants, lions, and even cute monkeys swinging from tree to tree.

The weather was sunny, and we walked around the zoo, taking pictures and learning about the animals. There was a show where clever dolphins performed tricks, and it was so exciting to watch.

# SCHOOL

School is a special place where I learn new things every day. I have friends, and we study different subjects together.

In the classroom, there are desks, chairs, and a chalkboard where the teacher writes.

We read books, solve math problems, and draw pictures. During break time, we play games in the schoolyard.

School is fun because I get to discover and explore many exciting ideas with my classmates and teachers.

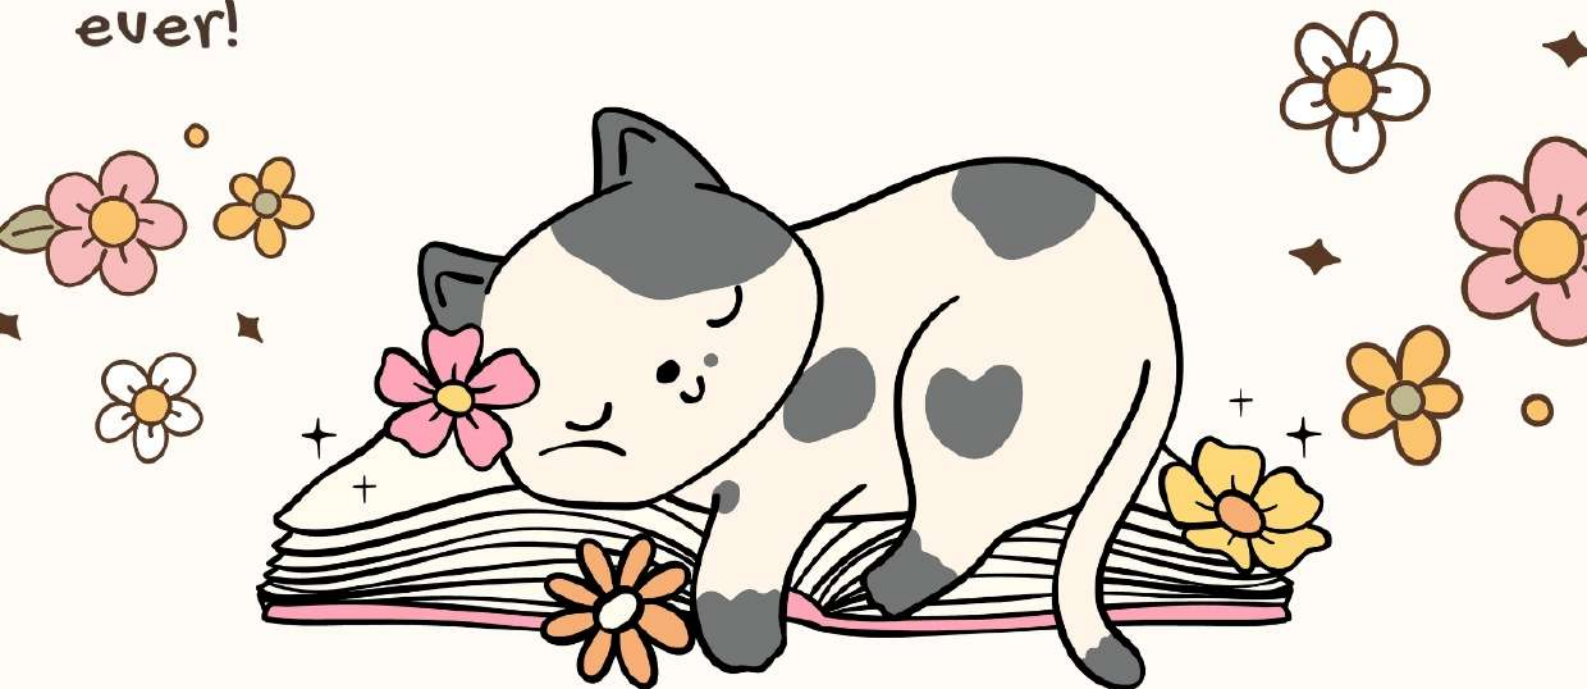

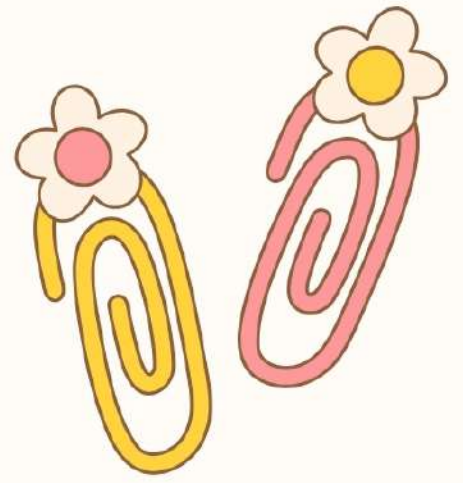

I have a cat. Her name is Whiskers. She is small and fluffy. Whiskers is black and white. Every day, she sleeps a lot.

When I come home, she meows and runs to me. We play together, and she purrs. I give her food, and she eats it quickly.

In the evening, she sits on my lap. I pet her soft fur. It makes me happy to have Whiskers as my friend. She is the best cat ever!

# ENGLISH BOOK

Reading English books is a great way to learn. Choose books with simple words and pictures to help you understand.

Start with short stories and gradually move to longer ones. Look up new words in a dictionary to build your vocabulary. Make it a habit to read for at least 15 minutes every day.

Reading opens up a new world of words and ideas, making learning English enjoyable and effective.
